Évaluation : Les angles droits

Maths

Géométrie

1 Trouve les angles droits en utilisant l'équerre. Note les d'un petit carré rouge .

2 Trace un trait ou deux avec ton équerre dans chaque case pour obtenir un angle droit .

Prénom : _____

Date: / /

Évaluation : La symétrie

Maths

Géométrie

1 Entoure les images symétriques.

2 Entoure les images symétriques.

3 Reproduis le dessin par symétrie par rapport à l'axe

Prénom : _____

Date: / /

Évaluation : Les solides

Maths

Géométrie

1 Entoure les solides.

2 Colorie :

- en bleu une face
- en vert une arête
- en rouge un sommet

3 Relie :

● Pavé droit ●

● Cube ●

● Cylindre ●

● Pyramide ●

● Cône ●

● Sphère ●

Prénom : _____

Date: / /

Évaluation : Les polygones

Maths

Géométrie

1 Colorie les polygones.

2 Trace un triangle

3 Trace un quadrilatère

4 Trace un polygone à 5 côtés

5 Observe les polygones, compte le nombre de côtés et note les dans le tableau.

3 côtés	4 côtés	5 côtés	6 côtés	7 côtés

Prénom : _____

Date: / /

Évaluation : Reproduction sur quadrillage

Maths

Géométrie

1 Reproduis le dessin sur le quadrillage.

2 Reproduis le dessin sur le quadrillage.

Prénom : _____

Date: / /

Évaluation : Tracer les polygones particuliers

Maths

Géométrie

1 Dessine un carré.

2 Trace un carré de 3 cm de côté.

3 Dessine un rectangle.

4 Trace un rectangle de 2 cm de largeur et de 4 cm de longueur.

5 Dessine un triangle rectangle.

6 Trace un triangle rectangle à partir de ce trait.

Prénom : _____

Date: / /

Évaluation : Mesurer et tracer des segments

Maths

Mesures

1 *Trace les segments à la longueur*

AB	3 cm 6 mm
CD	4 cm 2 mm
EF	6 cm
GH	1 cm 9 mm

2 *Mesure les segments et complète le tableau.*

AB	cm	mm
CD		
EF		
GH		

3 *Trace [AB] = 4 cm [EF] = 2 cm 7 mm [GH] = 6 cm 2 mm*
